

Saxon Math 3 Manipulative Kit

2nd Edition
2001

Manipulatives are an essential element of the primary series. For each grade level, Saxon offers a manipulative kit containing materials for a classroom of thirty-two children. The items included at each level are indicated on the chart below.

Saxon sells manipulatives in complete kits only. If your school needs individual items, you may obtain them from Educational Teaching Aids (ETA) at (800) 445-5985.

Manipulative Upgrade Kit for *Math 3*

A manipulative upgrade kit is available for users who are updating to the second edition of *Math 3* and who already possess a set of first edition manipulatives.

Items in the upgrade kit include:

- base ten blocks (1 set)
- geometric solids (set of 6)
- paper money set (1 set)
